

# CHESTNUT RIDGE REPORTER

February 2015

## FROM THE MAYOR'S DESK

### “WELCOME”

Welcome to Michael Scharff as our newest member to the Architectural Review Board. Michael has been a life long resident of the Village. We look forward to his most able service.

Day, the Village will again be conducting this event. It will be **open to all village residents** and will take place on Sunday, April 19, 2015 between the hours of 10:00 am and 2 pm. You will be able to bring your outdated files to Village Hall to have them disposed of in a safe and secure manner.

### “THANK YOU”

Thank you to all in the Village who attended the Village Picnic on September 14, 2014. A good time was had by all; see you again in September, 2015.

### “SUNDAYS WITH THE MAYOR”

Don't forget to stop by on the first Sunday of the month, between 12 noon & 2:00 p.m., **(note time change)** at the American Bulldog Espresso Bar, 787 Chestnut Ridge Road (across the street from the “Vet at the Barn”). I am continuing to meet with many Village residents to discuss what is on their minds and I look forward to continued discussions. Make sure to check the Village website, just to assure no last minute re-scheduling ... see you there!

### “SHREDDING DAY”

Due to the success of last year's Shredding

Sincerely,  
Rosario Presti, Jr., Mayor

### Reminder

Village election for two (2) Trustee positions to be held Wednesday, March 18, 2015; 7 a.m. to 9 p.m. at Village Hall: 277 Old Nyack Turnpike, Chestnut Ridge, NY 10977.

Please remember to bring in your trash/recycling cans after pick up ... would be appreciated by all! Leaves, yard waste, litter and dirt from the road are sometimes thrown into the drains by our neighbors who do not realize they are damaging water quality. If you are able, please keep storm drains in front of your home clear of leaves and other debris.

No Parking on Village Roads: November 1st through April 15th, between the hours of 12 a.m. and 6 a.m.

Reminder to residents and private contractors

*continued on page 2*

not to throw snow in middle of the roadway when clearing driveways and walkways, this creates a safety hazard and the Ramapo Police can issue a violation for doing so.

If you have a fire hydrant near your home, please try to keep it free from snow.

**Residents – Please remember to add/update your telephone numbers and e-mail address for Village communications; call Village Hall with any changes.**

**NYS Electronic Equipment Recycling and Reuse Act of 2010**

The NYS Electronic Equipment Recycling and Reuse Act of 2010 require manufacturers to provide free and convenient recycling of electronic waste to most consumers in the state.

Beginning January 1, 2012, with the exception of individual and household consumers, all other NYS consumers including businesses, private or public corporations, not for profit corporations and government entities, etc., may not dispose of, or place for collection intended for disposal, electronic waste\* at a solid or hazardous waste management facility in the state.

Starting January 1, 2015, the individual and household disposal ban becomes effective. No entity may dispose of e-waste as trash in New York State. Haulers may provide a separate collection for e-waste and bring it to an Authority transfer station for proper recycling. E-waste cannot be mixed with trash or other waste materials.

---

Please visit the NYS Department of Environmental Conservation's website at <http://www.dec.ny.gov/chemical/66872.html> for a full list of the types of electronic equipment covered by this law and to learn how to properly manage electronic waste in an environmentally responsible manner.

\*Under the State Law, electronics include the following items:

- Televisions (including cathode ray tubes)
- Computers
- Computer peripherals (i.e. monitors, keyboards, mice, facsimile machines, document scanners, and printers; including cable, cord or wiring incorporated into such product)
- Small electronic equipment (VCR'S, DIGITAL VIDEO RECORDERS, PORTABLE DIGITAL MUSIC PLAYERS, DVD's, digital converter boxes, cable or satellite receivers, electronic or video game consoles)
- Small scale servers
